MONTHLY ACTIVITIES REPORT

June 2025

A Message From President

It fills me with immense joy and gratitude to share the highlights of June 2025, a month marked by new beginnings, heartfelt celebrations, and impactful initiatives at Mahesh Foundation.

We began this month with an auspicious Vastushanti and Satyanarayan Pooja at our new Hillside School, invoking divine blessings for a journey that promises to transform the lives of over 2,000 underprivileged children. Welcoming our students to the very first day at this new school was truly a historic moment, filled with excitement and hope. Meanwhile, Utkarsha School commenced the new academic year with great enthusiasm, embracing activities that nurtured environmental awareness, wellness, creativity, and strong family bonds.

In our healthcare initiatives, our Care Home continued to focus on the holistic well-being of our children through regular health check-ups, engaging mental health counseling sessions, and creative activities like art with sheep wool and interactive smartboard learning. We also celebrated World Environment Day and Father's Day, reinforcing the values of care and love. At Prayatna Aftercare Home, the observance of the International Day Against Drug Abuse empowered our young women to choose a healthy, positive path forward.

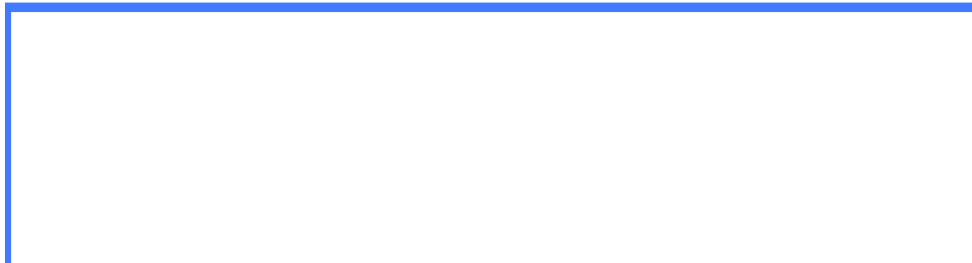

The MyBlood Charitable Blood Center made significant strides this month, hosting meaningful blood donation drives in celebration of World Environment Day, RCB's IPL victory, and World Blood Donor Day. The successful partnership with ANZ resulted in the collection of 119 units of blood, offering new hope to patients in need.

June was also a month of inspiring collaborations and support. We inaugurated new classrooms at our school building with the generous support of Cholamandalam Investment and Finance Company Limited and Capco Technologies. Visits from esteemed guests — including government officials, healthcare experts, film production teams, and dedicated student groups — further strengthened our mission and underscored the importance of collective effort in creating positive social change.

As we move forward, these milestones inspire us to continue our unwavering commitment to empowering underprivileged communities through education, healthcare, and holistic support. I extend my heartfelt thanks to all our partners, supporters, volunteers, and team members who make this journey possible. Together, we are building a brighter, more inclusive future for every child and family we touch.

With gratitude and
warm regards,

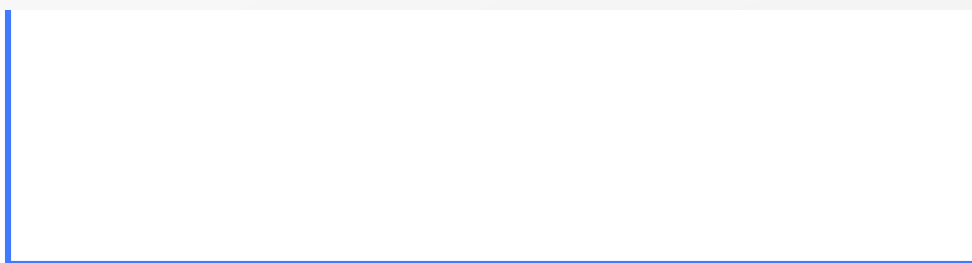

Mahesh Jadhav

As part of an auspicious beginning for our ambitious project, the New Hillside School, we performed the Vastushanti and Satyanarayan Pooja with great devotion and traditional rituals.

This sacred ceremony was held to invoke divine blessings for the smooth and successful beginning of the school, which will soon become a center of learning and hope for over 2000 children. We mark this significant step towards creating a nurturing educational environment with prayers, offerings, and positive energy.

A joyful and heartwarming day as we welcomed our bright young minds to the very first day at the new Hillside School! This school stands as a symbol of opportunity for over 2000 underprivileged children — a place where they will learn, grow, and shape a better future. Here's to new beginnings and endless possibilities!

Education

Utkarsha

The new Academic Year 2025–26 began on a joyful note at both Utkarsha School and The Hillside School, as students arrived with excitement and enthusiasm. The campuses buzzed with energy, symbolizing fresh beginnings and new opportunities for learning and growth. The Hillside School, in particular, marked a special milestone as it opened its doors to over 2,000 underprivileged children, offering them a nurturing space to learn, dream, and build brighter futures.

Throughout June, Utkarsha School students embraced a range of enriching activities that fostered awareness, creativity, and well-being. On World Environment Day, they expressed their commitment to a greener future by planting trees, while on International Yoga Day, they celebrated wellness through guided yoga sessions that promoted physical and mental harmony. Kindergarteners added a personal touch to Father's Day by creating heartfelt handmade cards featuring their fathers' photos, deepening their bonds and bringing smiles to many faces.

The youngest learners at Utkarsha also enjoyed engaging activities like “Raincoat Day,” where they explored rainy weather, rainwear, and seasonal treats such as corn and groundnuts. These experiences combined fun with practical learning, sparking curiosity and creating lasting memories. As the new academic year unfolds, both schools look forward to nurturing young minds and empowering children to reach their full potential.

Aadhar Vidya Program

Mahesh Foundation and Midas Touch Foundation Distribute School Kits to Promote Education in Ningyanatti

As part of the Education Support Program in collaboration with Midas Touch Foundation, Mahesh Foundation distributed school kits to underprivileged children at the Government School in Ningyanatti. This initiative is a step toward promoting equal learning opportunities and supporting the academic journey of children from marginalized backgrounds.

Health

At Mahesh Foundation Care Home, children are continuously engaged in activities that nurture their skills and spark joy. They recently enjoyed an interactive smartboard session called "On The Hunt!", which enhanced their observation and cognitive abilities while keeping learning fun. Creative expression was further encouraged through a unique art and craft activity using sheep wool, allowing children to explore their imagination and develop fine motor skills. Regular monthly health check-ups continue to ensure the children's physical well-being, supporting their growth with timely medical care.

Special occasions were celebrated with heartfelt enthusiasm, including Father's Day, which honored the love and strength of father figures, and World Environment Day, where children planted saplings and learned about sustainable practices to foster environmental responsibility. Additionally, Mahesh Foundation collaborated with the Family Planning Association of India (Ballari Branch) to organize activities focused on child well-being in Bellary, distributing school kits to empower underprivileged children in their educational journey.

Mental and emotional health remained a key focus, with Ms. Anjeli Pandit conducting a counseling session to support the mental resilience of both children and caretakers. At the Prayatna Aftercare Home for Women, the International Day Against Drug Abuse was observed with impactful educational activities and creative poster-making, reinforcing the message of choosing a healthy, drug-free life. Through these diverse initiatives, Mahesh Foundation continues to create a nurturing environment that inspires learning, growth, and holistic development.

MyBlood Charitable Blood Center

Mahesh Foundation's MyBlood Charitable Blood Center recently marked two special occasions with impactful initiatives that highlighted the spirit of giving and community care. On World Environment Day, coupled with the celebration of RCB's thrilling IPL 2025 victory, dedicated volunteers transformed their joy into a powerful act of kindness by donating blood. This heartfelt gesture not only promoted health and social responsibility but also showcased the importance of turning celebrations into meaningful contributions that save lives.

Additionally, on World Blood Donor Day, we honored the life-saving heroes whose selfless donations embody compassion and unity. The spirit continued as MyBlood, in collaboration with ANZ, organized a highly successful blood donation drive at the ANZ campus, collecting 119 units of blood. This vital contribution will support children living with HIV, patients battling blood cancer, and those affected by thalassemia, spreading hope and reinforcing the message that every donor is a true beacon of humanity.

Events & Visits

Mahesh Foundation recently celebrated the inauguration of two newly constructed classrooms at its new school building, made possible through the generous support of Cholamandalam Investment and Finance Company Limited and Capco Technologies under their CSR initiatives. The classroom supported by Cholamandalam was inaugurated in the presence of their representatives, marking a significant milestone in our mission to provide quality education to underprivileged children. Similarly, Capco Technologies' contribution has created a nurturing and well-equipped learning space that will empower hundreds of children to learn and grow in a supportive environment. We extend our heartfelt gratitude to both partners for their vital role in shaping a brighter future.

The foundation also welcomed several distinguished visitors and organizations who came to understand and appreciate our holistic approach. Students from KLS Gogte Institute of Technology, Belagavi, visited to learn about our initiatives and the importance of social responsibility, gaining firsthand insight into how compassionate actions can drive social change. Dr. Parveen, the newly appointed District Child Protection Officer (DCPO) of Belagavi, visited our Prayatna Aftercare Home for Women, engaging with children and staff and commending our comprehensive efforts toward child welfare and rehabilitation.

We were also honored by the visit of Dr. Satish Ghatage, WHO Consultant (TB), who appreciated our healthcare initiatives for children and our community, including the preventive and curative services provided at the care home and through MyBlood charitable blood bank. Additionally, officials from the Child Welfare Committee (CWC) conducted their quarterly evaluation visit, interacting with children and staff and expressing their appreciation for our commitment to the welfare and development of vulnerable children.

Further, the Vanishree Film Productions team visited Mahesh Foundation as part of promoting their upcoming movie 'All is Well' and took the opportunity to applaud the impactful work being carried out to support underprivileged children. The SKDRDP team also visited and conducted a valuable health and hygiene awareness session under the Swasthya Sankalp Karyakram, educating children on personal cleanliness and preventive healthcare. These visits and collaborations not only strengthen our network of supporters but also inspire us to continue creating positive change in society.
