Impact Report of

DAILY FEEDING PROGRAM

January 2026

Mahesh Foundation

We Care for Uncared

A Message from the President

I want to express my deepest gratitude to the entire Feeding India team for their remarkable commitment to the Daily Feeding Program at Mahesh Foundation. Their unwavering dedication and compassion have made a profound difference in the lives of children who depend on this support every day.

Thanks to Feeding India's continued efforts, children from underprivileged backgrounds are receiving not just nutritious meals, but also the strength and energy they need to grow, learn, and thrive. This support has given them a sense of security and hope that extends far beyond nutrition, empowering them to focus on education and their overall development.

Each meal served through this program is an act of care and humanity. It reflects the power of kindness and collective responsibility. Because of Feeding India's support, children can smile with confidence, participate actively in learning, and dream of a brighter future, knowing that they are not alone in their journey.

This partnership stands as a strong example of how collaboration can create meaningful social impact. Together, we have touched countless lives and strengthened the foundation of education and well-being for vulnerable children. As we move forward, we look forward to deepening this partnership and expanding the reach of the Daily Feeding Program in the years ahead.

From the bottom of our hearts, we at Mahesh Foundation thank Feeding India for standing with us in our mission. Their support nourishes not only bodies but also minds and spirits, fostering confidence, dignity, and hope among children. As we step into the New Year 2026, we wish the Feeding India team continued success and look forward to creating even greater impact together.

Impact of Daily Feeding Program on Children

During the month of January, the Daily Feeding Program continued to play a crucial role in supporting the health and overall development of children at Mahesh Foundation. Regular access to nutritious meals helped boost energy levels, strengthen immunity—especially among children living with HIV who require additional care—and reduce fatigue. With their nutritional needs fulfilled, students showed improved concentration, active participation in classroom activities, and enhanced academic focus.

The program also contributed to increased school attendance, as families felt reassured knowing their children receive consistent nourishment and care. Beyond physical well-being, the initiative strengthened trust within the community, with parents expressing heartfelt appreciation for the visible improvements in their children's health and enthusiasm for learning. Overall, the month reflected meaningful progress in children's health, classroom engagement, school attendance, and community confidence in the Daily Feeding Program.

Prize Distribution Ceremony – Promoting Sportsmanship

A prize distribution ceremony was organized at Utkarsha School to honour the winners of the academic year's sports competitions. The event encouraged teamwork, discipline, and sportsmanship, while motivating students to actively participate in physical and co-curricular activities.

Swami Vivekananda Jayanti – Learning Values and Inspiration

Swami Vivekananda Jayanti was observed with respect and enthusiasm at Utkarsha School. Through simple and meaningful activities, children learned about his vision, ideals, and message of self-belief, courage, and strong values, inspiring them to follow a path of purpose and integrity.

Makara Sankranti Celebration – Honouring Traditions.

Celebrated Makara Sankranti with joy and togetherness. The celebration honoured cultural traditions while spreading happiness and gratitude among children and staff. Shared moments of warmth and cheer strengthened the spirit of community and hope.

Tribute to Savitribai Phule – Celebrating the Pioneer of Education.

Utkarsha School commemorated the birth anniversary of Savitribai Phule with heartfelt tributes. Children learned about her remarkable contributions to education and social justice, inspiring them to value equality, courage, and the transformative power of education.

Marketing Activity – Experiential Learning of Life Skills.

A unique marketing activity was conducted for Utkarsha School students, giving them hands-on experience in buying and selling. The activity helped children understand basic money management, communication, and decision-making skills, while building confidence and nurturing practical life skills in an engaging and interactive way.

Learning Pottery

Learning beyond classrooms shapes minds beyond imagination. As part of skill-based learning, the children of Utkarsha School explored the art of pot making during a visit to a potter's home. Observing the process and understanding the essence of pottery not only enhanced their creativity but also connected them to the rich roots of our culture and history.
