ORGANIZATIONAL SUMMARY:

Mahesh Foundation, a nonprofit organization enables HIV infected orphans and underprivileged children an independent and dignified life. Mahesh Foundation was established in the year 2008 when the founder met a 4-year-old boy in the Government Hospital of Belagavi. Mahesh Foundation's care home Ashakiran has directly benefited 3600+ HIV infected orphan's children.

Our school Utkarsha has been providing skill-based education to 1090 HIV infected orphans challenged and underprivileged slum children. Our community support program has benefited 2300+ underprivileged children studying in government schools providing them the skills like Computer education, art & craft, dance and more.

Under Aadhar Vidya Program has supported 31000+ children to continue their education. Gokak Care & Support Center has been providing healthcare and social linkage services to 68000+ HIV-infected people. One of the proud achievements of the Mahesh Foundation is zero mortality since its inception.

Over the years, Mahesh Foundation also supported underprivileged slum dweller women to become self-sustained in their life and support their families. Under the community support program, Mahesh Foundation adopted some government schools and working hard for the overall development of these schools and the children studying there.

AREAS OF WORK:

Education

- **Aadhar Vidya Program:**

This program was started in the year of 2012. It operates in providing Education support for HIV affected, slum & poor children free of cost, it is benefiting more than 18000 children till day.

- **Utkarsha School:**

This program was started in the year of 2016. This program is providing free school and education for HIV affected & slum children. Till day it has reached more than 2300 students in providing this facility.

Health

- **Ashakiran Child Care Home:**

This program was started in the year of 2008. It operates in providing Free Shelter, food, health and education for HIV affected children, it is benefiting more than 3600 children till day.

- **HIV/AIDS Care Centre:**

This program was started in the year of 2014. Through this Mahesh foundation is providing basic facilities for HIV affected in the nearby locality of Gokak and Raibag talukas. From this program we have reached more than 68000 beneficiaries.

Livelihood

- **Aadhar Village Program:**

This program was started in the year of 2013. It operates in providing basic amenities for children and families in need. Providing them with free medical support, education and employment opportunities. It is benefiting more than 850 people till day.

- **Aadhar Livelihood Centre:**

This program was started in the year of 2013. It operates in providing Trainings and livelihood skills to slums and poor background women. It is benefited more than 800 women till day.

RATIONALE OF THE PROPOSAL

HIV+ people are one of the neglected communities because of the stigma attached to HIV/AIDS. The children infected and affected by HIV/AIDS had to face stigma and discrimination even in the schools. Also, in case of slum and underprivileged children, there is lack of awareness and importance of education in their communities.

Mahesh Foundation is an NGO, which is dedicatedly working to ensure a bright future for these children by providing Skill-Based Education to these children. As a part of this mission, Mahesh Foundation started a school namely Utkarsha School in 2018 where these HIV infected orphans and underprivileged children study under the same roof. Currently the school has been providing free education to 1090+ underprivileged children from 1st to 10th Std.

NAME OF PROJECT:

A Project Proposal to Procure Computers for the HIV infected orphans and Underprivileged Children studying in Mahesh Foundation's Utkarsha School.

BACKGROUND OF THE PROJECT AREA:

There are many slums in Belagavi where they lack privileges and especially in the case of children, they don't get enough support from their parents to get education. Poverty emerged as the most frequent themes in educating these slum children. The inability to provide for basic necessities of survival made the parents feel disconnected to educational goals and pursuits. It was found that most of the children help their families to earn money as they involve in begging, child labour and other activities. Girls helped in domestic chores and looked after younger siblings when both parents went for work.

To bring these children to mainstream society and make them literate, we have started Utkarsha School in 2018. The school has been providing free skill-based education to these slums' children. Along with education, Mahesh Foundation provides mid-day meal and transportation facilities. The number of children has raised significantly over the years. More than 640 children are getting education at Utkarsha School.

OBJECTIVES OF THE PROJECT:

All the children in the school are first generation learners. We aim at providing a digital education. Also, encompass their play, participation, socializing, searching and learning through digital technologies. Help them compete to the growing digital world. The school intends to support first generation learners through smart class rooms with smart boards, visualizers, etc.

NEED ASSESSMENT & PROBLEM STATEMENT:

In today's world of rapid developments in technology, there are still hundreds and thousands of marginalized in India Mahesh Foundation started Utkarsha School in the year 2018 to provide free and quality education to HIV infected orphans and underprivileged children in slum. To date, 1090+ children are getting education. Along with this, every day more than 1000 children studying in nearby government schools are getting free skill-based education such as Computer, Art & Craft and more.

These children neither have access nor afford digital literacy and skills to better their lives. The existing one computer labs are equipped with 20 computers each. As the number of children increasing day by day, we intend to extend the computer labs in the newly built premises. The new computer laboratory needs to be equipped with 50 Desktops with the necessary educational software.

SPECIFIC OBJECT:

- To ensure digital education among HIV-positive and underprivileged children.
- To give awareness about digital world and digital literacy to these communities and enroll more children dwelling in the slums in Belagavi.
- To ensure continued education up to **10th STD.**

METHODOLOGY:

Strategies	Implementation process
• To build capacity & mobilization among the community and the children about the importance and necessity of skill-based education especially digital education. • To registering the trainees. • To adopt unique and innovative technology to initiate the classroom training for the children. • To provide necessary guidance to beneficiaries to get formal as well as digital education.	• The project is implemented directly by Mahesh Foundation. • Recruiting more teachers required for the teaching to the children. • Preparation of prospects, criteria and calendar for every day. • Admission process-accepting the application form selecting the trainees. • Selection of beneficiaries based on their financial background. • Orientation meetings with the parents. • Conducting practical and theoretical. • To manage records of the students.

EXPECTED IMPACT:

Direct Beneficiaries	Indirect Beneficiaries
• 1000+ HIV infected orphans and underprivileged children studying in Utkarsha School as well as in the nearby government schools can be benefited from this. • Increase the digital literacy among the children from underserved communities.	• From grade 1 through grade 10. These children will be ready to compete and excel the digital literacy. • Improvement in student's learning/academic achievement. • Awareness of digital literacy among the underserved communities.

MONITORING AND EVALUATION:

Impacts/Effects	Indicators	Means of Verification
• HIV infected orphans and Underprivileged children getting education.	• Increased enrolment and attendance of children up to 10th std.	• Providing education to these children with all the facilities as per the approved plan. • Impact assessment report and annual report • List of students enrolled in the academic year. • Students' daily attendance register etc.
• Improved skills of children through digital classroom trainings	• Decreased dropout rate of these children.	• Enrolment application • Student register • Academic year completion • Progress reports etc. • Academic certification records etc.

BENEFICIARIES:

Beneficiaries of this Computer lab equipped with Desktops are HIV infected children who sheltered at Mahesh Foundation's care home, slum children who are getting the education at school of Mahesh foundation, and community underprivileged children who study in the Government schools but lack such privileges at their schools as well as homes. 1000+ children could benefit by the newly setup Computer lab in the coming days

TIME FRAME FOR PROCUREMENT OF COMPUTERS:

The Desktop computers is with the dealer within 10 days when we provide Purchase order and after getting final approval from your side the dealer will provide us the computers within 15 days

PROJECT IMPLEMENTATION PERIOD:

Start of the Project : **May 2025**
Completion of the Project : **August 2025**

REQUISITES OF THE PROJECT:

The details of the procurement of 100 Desktops are mentioned below.

We will take care of the maintenance cost of the Desktops such as electricity, maintenance, and cost to be paid to the instructors. We required support to procure it.

SI No	Requirement Details	Cost per Desktop	Estimated Budget
1	50 Dell Desktops	50 X Rs. 55,700/-	Rs. 27,85,000/-
2	Interactive Smartboard	2,15,000/-	Rs. 2,15,000/-
Total Estimated budget for Computer Labs Setup			Rs. 30,00,000/-

GLIMPSES OF THE EXISTING COMPUTER LAB:

DETAILS OF THE MAJOR SUPPORTERS FOR THE LAST OF LAST 3 YEARS:

Sl. No.	Financial Year	Name of Donor Agency	Funds/ Resources	Activity Undertaken
1.	2024-25	UTI Infrastructure Technology and Services Limited	25,00,000/-	School Bus for Underprivileged Children
2.	2024-25	Brother International (India) Private Limited	15,00,000/-	Education Support to Underprivileged Children
3.	2024-25	RailTel Corporation of India Limited	18,59,256/-	Nutrition Support of HIV-positive Children
4.	2024-25	GIA India Laboratory Pvt. Ltd.	48,99,846/-	Blood Collection Vehicle
5.	2024-25	Multi Commodity Exchange of India Ltd	46,13,587/-	Construction of New School & Skill Center
6.	2023-24	GIC Housing Finance Ltd	30,49,200/-	School Bus for Underprivileged Children
7.	2023-24	SBI Funds Management	40,91,587/-	Construction of New School
8.	2023-24	Air Water India Pvt. Ltd.	20,00,000/-	Construction of New Classroom
9.	2023-24	Itron India Pvt. Ltd.	23,30,000/-	Solar Power Installation
10.	2023-24	Tourism Finance Corporation of India Ltd.	14,78,000/-	Computer Lab Setup for Underprivileged Children
11.	2022-23	Linde Plc	40,18,000/-	Construction of New School & Skill Center
12.	2022-23	SFS Group India	15,00,000/-	Construction of New Classroom
13.	2022-23	The New India Assurance Co. Ltd.	22,00,140/-	School Bus for Underprivileged Children
14.	2022-23	India Shelter Finance Corporation	40,70,000/-	Construction of Skill Center
15.	2022-23	ICICI Foundation	27,00,000/-	School Bus
