ORGANIZATIONAL SUMMARY:

Mahesh Foundation, a nonprofit organization enables medically challenged and underprivileged children an independent and dignified life. Mahesh Foundation was established in the year 2008 when the founder met a 4-year-old boy in the Government Hospital of Belagavi. Mahesh Foundation's care home Ashakiran has directly benefited 4200+ medically challenged children.

Our school Utkarsha has been providing skill-based education to 640 medically challenged and underprivileged slum children. Our community support program has benefited 2300+ underprivileged children studying in government schools providing them the skills like Computer education, art & craft, dance and more.

Under Aadhar Vidya Program has supported 38000+ children to continue their education. Gokak Care & Support Center has been providing healthcare and social linkage services to 81000+ HIV-infected people. One of the proud achievements of the Mahesh Foundation is zero mortality since its inception. Over the years, Mahesh Foundation also supported underprivileged slum dweller women to become self-sustained in their life and support their families.

Under the community support program, Mahesh Foundation adopted some government schools and working hard for the overall development of these schools and the children studying there.

AREAS OF WORK:

Education

- **Aadhar Vidya Program:**

This program was started in the year of 2012. It operates in providing Education support for HIV affected, slum & poor children free of cost, it is benefiting more than 18000 children till day.

- **Aadhar Livelihood Centre:**

This program was started in the year of 2013. It operates in providing Trainings and livelihood skills to slums and poor background women. It is benefited more than 800 women till day.

NAME OF PROJECT:

A Project Proposal on procuring school bus for the conveyance of the children studying in Utkarsha Learning Center.

BACKGROUND OF THE PROJECT AREA:

There are many slums in Belagavi where they lack privileges and especially in the case of children, they don't get enough support from their parents to get education. Poverty emerged as the most frequent themes in educating these slum children. The inability to provide for basic necessities of survival made the parents feel disconnected to educational goals and pursuits. It was found that most of the children help their families to earn money. Girls helped in domestic chores and looked after younger siblings when both parents went for work.

To bring these children to mainstream society and make them literate, we have started Utkarsha Learning Center in 2018. The school has been providing free skill-based education to these slums children. Along with education, Mahesh Foundation provides mid-day meal and transportation facilities. The number of children has raised significantly over the years. More than 1000 children are getting education at Utkarsha Learning Center.

OBJECTIVES OF THE PROJECT:

The children had to travel a long distance to reach to the children. As most of the children are under the age of 18, it is not safe for them to travel such a long distance even with the traffic. The objective of the school bus is to provide a safe and secure means of commute for students. It ensures a safe journey of the children from home to school and school to home every day.

NEED ASSESSMENT & PROBLEM STATEMENT:

These children are basically from poor slum families and migrant communities. They are unaware of the importance of education and send their children to work or involve them in begging activities. We convince their parents to enroll these children to school assuring the safety and facilities providing to the children in the schools.

Currently, we have two school buses and the increasing number of children leads to lack of space in these vans. We had to take multiple trips to bring the children to the school. This may lead the children to get delayed to reach to the school. Or if we failed to reach the children it increases the absenteeism and there are chances of children dropping out from education. Another vehicle such as School Bus will help Mahesh Foundation to bring all the children at the same time and on time.

EXPECTED IMPACT:

Direct Beneficiaries	Indirect Beneficiaries
• 1090 children studying in Utkarsha Learning center can be benefited from this. • Helps these children to continue their education and reduce dropout. • Reduce absenteeism of the children.	• The children who are getting skill-based education at Mahesh Foundation can also be benefited from the school bus. As we can provide pickup and drop facility for them. • It helps the children to become skillful and which enhance their future.

BENEFICIARIES:

Beneficiaries of School Bus are underprivileged slum children who are getting free education at Mahesh Foundation's Utkarsha Learning Center. 1090 children can be benefitted from this initiative. These slum children are first generation learners. This school bus will ensure a safe journey of the children from home to school.

RESOURCES:

Mahesh Foundation has appointed two well-trained drivers to drive the buses. Both the drivers are having 4-5 years of experience in driving and bus maintenance.

REQUISITES OF THE PROJECT:

The details of the procurement of the school bus are mentioned below.

We will take care of the drivers' expenses and maintenance cost of the school bus. We required support to procure it.

Sl. No	Requirement Details	No of Capacity of children	Estimated Budget	Beneficiaries
1	Tata 59-Seater School Bus	59 Nos	Rs. 31,75,829/-	300 Underprivileged Children.

BRANDING, RECOGNITION AND PARTNERSHIP:

As a token of our gratitude for your support, we offer various recognition and partnership opportunities. These include

a. **Prominent Branding:**

Your organization's logo is prominently displayed on the school premises, providing visibility and demonstrating your commitment to social responsibility.

b. **Acknowledgment:**

Recognition on our website, social media platforms, and annual reports, highlighting your partnership and contribution.

c. **Public Relations Opportunities:**

Press releases, media events, and interviews to showcase the impact of our collaboration and raise awareness about the importance of supporting HIV-positive children and needy individuals.
